

MASTERING PINK & WHITE AESTHETIC CERAMICS

2-Day Hands-On Masterclass

Nico Squicciarini

Hosted by Vitality Dental Laboratory

9-10 April 2027 | Only 12 Delegates

VITALITY DENTAL LABORATORY

NICO SQUICCIARINI

WELCOME

Elevating the Art of Dental Ceramics

At Vitality Dental Laboratory, we believe that exceptional ceramics begin with deep understanding not imitation. This masterclass represents our commitment to advancing the craft of dental aesthetics through world-class education.

We have partnered with Nico Squicciarini to bring you an intimate, hands-on experience that will transform the way you approach pink and white ceramic restorations. Over two intensive days, you will explore the principles of natural aesthetics, refine your layering techniques, and develop an intuitive understanding of colour, form and texture.

This is not a lecture. This is a journey into mastery.

Vitality Dental Laboratory

THE INSTRUCTOR

Nico Squicciarini
